# LAUNDRY EQUIPMENT THAT KEEPS YOU WORKING.

## YOU MIGHT NOT BE IN THE LAUNDRY BUSINESS, BUT YOUR BUSINESS DEPENDS ON LAUNDRY.

You need a constant supply of fresh linens, spotless clothes, clean towels and more. Wash, dry, repeat!

What you don't want is to waste your time on breakdowns, be driven crazy by frustrating repairs, wade through bottlenecked laundry or be rudely interrupted by downtime, all taking your attention away from your core business and what you do best.

That's why we're Australia's sole distributor of Maytag® Commercial Laundry equipment, proven to stand up to the day-to-day rigors of even the toughest and most remote Aussie areas.

You need premium laundry equipment that lasts, best suits your use and location, fits your space, is easy to use and helps control operating costs, so that's what we provide. And behind it all, support you can trust.

With our industry leading warranty, cycle after cycle, year after year, you can depend on us to help you keep your laundry running smoothly, so you can keep your business moving forward.

## DEPENDABLE SOLUTIONS FOR DIFFERENT ENVIRONMENTS

We see you. No two laundry rooms are alike. We've got you. That's why we've built so much flexibility into our equipment and range to our services. You can count on us to work with you to determine the right equipment for your business - whatever corner of Australia you're in, whatever business you're in.

Our promise is in our name.

# WASHERS WITH RELIABILITY IN EVERY CYCLE.

"We demand satisfaction!" Your laundry needs to be up to the task, whatever the day brings. So Maytag® Commercial has built a commercial front-load washer with a drive system tested to withstand the demands of heavy-duty loads and continual cycles and usage.

## THE DURACORE DRIVE SYSTEM—TESTED TO 15,000 CYCLES

The drive system on a commercial front-load washer can be one of the most difficult and expensive components to service. So Maytag® Commercial set out to raise the bar—for reliability, serviceability and durability. To start, they put their front-load washers to the test in our design lab, recording 15,000 cycles. Those machines are then put to the challenge being tested in the real world with actual consumers and end-users.

The dependability you are looking for? It's right here.

### FRONT-LOAD WASHERS

- Super Quick Cycle Times
- Proven Dependability
- Longest Warranty in the Industry
- Low Water Use
- Best Cleaning Performance
- Easy-to-Use

### TOP-LOAD WASHERS

- Built to Last
- A Powerful Clean
- Easy to Service

# ROBUST INDUSTRIAL DRYING SOLUTIONS.

## WHY PURCHASE ADC i-SERIES DRYERS?

For over half a century ADC has been in pursuit of creating the perfect dryer and supplying those industrial dyers to over 90 countries worldwide. As part of the Maytag Commercial family, ADC Dryers are proudly American built and committed to designing the ultimate drying machine. The all-new Intelligent Dryer series continues the legacy of cutting-edge technology with unsurpassed reliability for your peace of mind.

### Performance

Through innovative design, the i-Series dryers achieve higher performance, industry-leading efficiency, shorter dry times and safer, more reliable operation. What an owner wants, an owner gets: saving money on utilities and maintenance. Anyone can say their dryers have the best performance, the Intelligent Dryer Series has the features to prove it.

### Reliability

We know you require more than just outstanding performance in the toughest laundry environments. To accommodate this, ADC engineered the i-Series with years of reliable operation as an absolute design necessity and backed it by the best warranty in the industry. A sturdy steel welded cabinet, fewer moving parts and top-quality components are the foundation of these i-Series dryers. Costly repairs and unwanted downtime will become a thing of the past.

## ADi FEATURES

- Variable drum speed with simplified inverter drive system for when reliability is key
- Pre-heat system and trans-axial airflow for maximum efficiency and fastest possible dry times
- Fully insulated cabinet to keep heat inside your dryer and out of your laundry room
- Gravity self-cleaning lint screen for easier maintenance on site
- Two-point roller support
- Single-phase reversing basket prevents your linens from tangling and ensures easy installation
- Stainless steel basket and fronts give you the sharpest aesthetic and most durable product
- SAFE fire suppression for your peace of mind.
- Simple IMC intelligent controls with one-touch cycle selection
- **Unbeatable 5 Year warranty – all parts covered**
- Available in Natural Gas, LPG or Electric operation
- Order as either non-coin, coin or token, or card only.

**AD-80i**  
COMMERCIAL COIN-OPERATED DRYER

## ADG35i

- 15kg capacity
- Natural gas or LPG
- Non-coin, coin or card
- Fully insulated cabinet
- Intelligent inverter drive
- SAFE fire suppression
- Single phase reversing drum

## ADG50i

- 22kg capacity
- Natural gas or LPG

- Intelligent inverter drive
- SAFE fire suppression
- Single phase reversing drum

## MDG120

- 55kg capacity
- Natural Gas or LPG
- Large capacity lint filter
- Simple one touch cycle selection
- Reversing drum to reduce twisting
- SAFE fire suppression

# CASHLESS LAUNDRY MACHINES

Cashless laundry for your business

## Why go cashless?

Accepting credit/debit cards and mobile payments makes life easier for your customers, most of whom rarely carry cash. By offering flexible payment options, you attract more users, boost revenue, and create a positive customer experience.

### REDUCE VANDALISM & THEFT

Cashless systems cut down on vandalism and theft since there's no cash to steal.

### NO COINS, NO PROBLEM

Ditching coins saves time and hassle. No more counting, handling, or banking coins – just smooth, streamlined operations.

### FUTURE PROOF

Going cashless keeps your business ahead of the curve. As digital payments become the norm, staying updated ensures your laundry stays competitive and relevant.

# CASHLESS LAUNDRY MACHINES

## Benefits of cashless laundry equipment

### ACCEPTS ALL MAJOR PAYMENT TYPES

All major payment types accepted – credit/debit cards, MasterCard, Visa, Apple Pay, Android Pay or any other NFC (Contactless) options

### EASY SET UP

New washers and dryers can be ordered pre-set with everything you need for simple plug-and-play installation on site.

### ONLINE REPORTING

- Full accountability with online income reports in real-time
- View transaction reports securely online
- Income and settlement reporting, cycle information and more

### INSTALLATION OPTIONS

Cashless laundry machines can run off data Sim cards or ethernet connections on site to meet your individual installation requirements.

Read on to see our different cashless laundry options to see which meets your needs, or call our sales team on **1800 629 824** to organise a site visit.

# CASHLESS LAUNDRY MACHINES

## Card reader direct to machine

### Tap & Go: Making Laundry a Breeze with Card Reader Directly on Your Machines

Why hassle with coins or kiosks when your customer can have the ultimate convenience right at their fingertips?

Installing card readers directly onto each washer and dryer in your laundry room is the simplest and most **user-friendly option** for your laundry users.

Imagine this: your customer walks up to any washer or dryer, loads their laundry, selects their cycle, and taps their card. Done! **No more confusion** about scanning codes, hunting down central pay kiosks, or figuring out which machine they're paying for.

This setup is perfect for smaller quantities of machines or laundry rooms spread across multiple areas. It's also a great fit for demographics who might not be tech-savvy. Most people are already used to tap-and-go payments, so there's no need to navigate complicated payment systems.

Card readers directly on the machines streamline the process, making laundry day a breeze for everyone. It's straightforward, **efficient**, and exactly what your customers need to keep things spinning smoothly.

# CASHLESS LAUNDRY MACHINES

## Central pay kiosk

### Smart Savings: Central Pay Kiosks for Larger Laundry Rooms

When you've got a bustling laundry room with lots of machines, **keeping costs down** without sacrificing convenience is key. That's where our Central Pay Kiosks come in.

Perfect for laundry rooms with lots of machines, with a **central pay kiosk**, you only need one card reader in the laundry room instead of one for every single machine. This smart setup **slashes your upfront costs** and keeps ongoing expenses low, saving you money in the long run.

Your laundry users simply loads their machine (or machines!), heads to the central pay kiosk, and handles all their payments from one convenient spot. From tech-savvy students to busy professionals, everyone can appreciate the straightforward, **no-fuss payment system**. Central pay kiosks are intuitive and easy to use, making them a hit with most demographics.

With central pay kiosks, you get the perfect blend of cost savings and user convenience. Keep your laundry room efficient, your costs low, and your users happy with this smart solution from Dependable Laundry Solutions.

# CASHLESS LAUNDRY MACHINES

## Phone app options

### Modern Convenience: Mobile Phone Pay Options for Your Laundry Room

Ditch the coins and the cards – your laundry users can handle everything with their smartphones! No apps, accounts, or downloads needed. They simply scan the QR code or tap their phone on the NFC tag on the washer or dryer to pay via **Apple Pay or Google Pay**. They can even manually enter their credit card details on the mobile pay page.

Imagine your customers loading their laundry, selecting their cycle, and paying all from their phones. It's that easy! This **streamlined process** is perfect for the tech savvy user who is used to using their phone as their wallet for most things.

Offering mobile phone payment options shows you're on the cutting edge, **enhancing the user experience** and encouraging repeat business. It's all about making laundry day as **hassle-free** as possible.

Modernize your laundry room with mobile phone payments to reduce your upfront investment, and increase your laundry room use - convenience is king!
